Ref. HE-D131

200 kg manual winch pulling post

Demountable pulling post with manual winch, sliding on a rail, for doors and sills.

Demountable pulling post that wedges under the vehicle's wheel and applies up to 200 kg of pull to the damaged area. The pulling point adjusts in height along the post and the whole unit slides along the rail to line up with the impact. The adjustable rear roller directs the force towards recessed areas. It is supplied disassembled, in sections.

Technical specifications

Pulling force	200 kg
---------------	--------
