Ref. HE-Q803

Automatic wheel balancer with wheel lift

The wheel lift raises the wheel to shaft height: no more carrying heavy wheels.

Wheel balancer: the wheel spins, the machine measures the imbalance and shows where to fit the weights. Automatic cycle and built-in wheel lift for SUV and van wheels, 10 to 26-inch rims. Motorcycle adapter available as an option.

Technical specifications

Rim diameter	10 to 26 inches
